2011 Workshops

Please refer to main list for terms and conditions regarding cancellations and refunds.

Parchment Craft requires time and patience to achieve satisfactory results but learning the basic techniques is well worth while if you like beautiful delicate work. Once these techniques have been mastered you will be able to create some beautiful work.

We will be running beginners sessions side by side with projects for the more experienced. All levels of “parchers” are welcome. Just let the shop know if you are a beginner when you book so we can have the necessary tools and materials available for you.

At each workshop there will be a selection of patterns to choose from covering different areas of the craft. We can then discuss what sort of project you would like to do on the next session, be it a card, bookmarks, 3D pictures, gift boxes etc. The choice is yours. Alternatively, if you have a pattern you want to try but the instructions are not clear (some are very brief) bring it along and we can give you some guidance.

Some projects take several sessions to complete, and others are relatively quick Whatever you choose to do, work at your own pace without any pressure, and enjoy the many aspects of this beautiful craft.

Dates for your Diary

Tuesday's 2pm-4.30pm

| | | | | | |
|-------|------------------|-----|------------------|------|------------------|
| April | 5 th | May | 3 rd | June | 7 th |
